Association of Minnesota Counties names Gary Hendrickx as President

BENSON, M.N. – The Association of Minnesota Counties (AMC) voted Swift County Commissioner Gary Hendrickx (District 1) as President. AMC is a statewide organization that assists the 87 counties in providing effective county governance.

“Being President of AMC has allowed me to voice the needs of Swift County to others and at the same time gain a perspective of statewide needs,” said Commissioner Gary Hendrickx. “My goal is to put Swift County in a better position through the contacts and relationships I have gained as President of AMC.”

Hendrickx has been involved in legislative session to develop platforms for policies within counties, this work includes lobbying bills pertinent to Minnesota counties. Traveling across the country has been key for Hendrickx in learning about the collaboration between intergovernmental agencies.

“This is the first time AMC has named a President from Swift County,” said Commissioner Hendrickx. “I have grown as a person and as a Commissioner since being elected.”
