INDEPENDENT AUDITORS' REPORT

Board of County Commissioners
Swift County
Benson, Minnesota

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Swift County, Minnesota as of and for the year ended December 31, 2007, which collectively comprise Swift County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of Swift County's management. Our responsibility is to express opinions on these financial statements based on our audit. The financial statements include the Swift County Housing and Redevelopment Authority's (HRA) activities as of and for the year ended June 30, 2007. We did not audit the financial statements of the Swift County Housing and Redevelopment Authority, which represents 18.02% and 11.62%, respectively, of the assets and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Swift County Housing and Redevelopment Authority, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based upon our audit, and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Swift County, Minnesota, as of December 31, 2007, including the Swift County HRA as of June 30, 2007, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Board of County Commissioners
Swift County

In accordance with *Government Auditing Standards*, we have also issued our report June 13, 2008 June 13, 2008, on our consideration of Swift County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit. It does not include the Swift County HRA, which was audited by other auditors.

The management's discussion and analysis and budgetary comparison information, as listed in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consist primarily of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Swift County's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations* and is not a required part of the basic financial statements. The supplementary information and the schedule of expenditures of federal awards have been subjected to auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REQUIRED SUPPLEMENTARY INFORMATION

**SWIFT COUNTY
BENSON, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2007**

Swift County's Management's Discussion and Analysis (MD&A) provides an overview of the County's financial activities for the year ended December 31, 2007. Since this information is designed to focus on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the County's financial statements (beginning on page 13).

FINANCIAL HIGHLIGHTS

Key financial highlights for 2007 include the following:

- Governmental activities' total net assets are \$52,692,254, of which \$45,351,979 is invested in capital assets, net of related debt, and \$498,152 is restricted for specific purposes.
- Swift County's net assets increased by \$4,711,560 for the year ended December 31, 2007. The net assets of the County's discretely presented component units increased by \$941,316.
- The net cost of governmental activities was \$3,339,730 for the current fiscal year. The net cost was funded by general revenues and other items totaling \$8,051,290.
- Governmental funds' fund balances increased by \$260,885.

OVERVIEW OF THE FINANCIAL STATEMENTS

This MD&A is intended to serve as an introduction to the basic financial statements. Swift County's basic financial statements consist of three parts: Government-wide financial statements, fund financial statements, and notes to the financial statements. The MD&A (this section) is required to accompany the basic financial statements and, therefore, is included as required supplementary information.

There are two government-wide statements. The Statement of Net Assets and the Statement of Activities (pages 13-14) provide information about the activities of the County as a whole and present a longer-term view of the County's finances. Fund financial statements start on page 15. These statements tell how these services were financed in the short-term as well as what remains for future spending. Fund financial statements also report the County's operation in more detail than the government-wide statements by providing information about the County's most significant funds. The remaining statements provide financial information about activities for which the County acts solely as a trustee or agent for the benefit of those outside the government.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-Wide Financial Statements - The Statement of Net Assets and the Statement of Activities

Our analysis of the County as a whole begins on page 13. The Statement of Net Assets and the Statement of Activities report information about whether the County as a whole and about its activities in a way that helps the reader to determine whether the County's financial condition has improved or declined as a result of the year's activities. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two financial statements report the County's net assets and changes in them. You can think of the County's net assets—the difference between the assets and liabilities—as one way to measure the County's financial health or financial position. Over time, increases or decreases in the County's net assets are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the County's property tax base and the condition of the County roads, to assess the overall health of the County.

In the Statement of Net Assets and the Statement of Activities, we divided the County into two kinds of activities:

- **Governmental Activities**—The County's basic services are reported here, including general government, highways and streets, human services, health, environmental services, culture and recreation, and conservation of natural resources. Property taxes and state and federal grants finance most of these activities.
- **Component Units**—The County includes two legally separate entities in its report, the Swift County Housing and Redevelopment Authority and the Swift County-Benson Hospital. These entities are presented in a separate column. Although legally separate, these "component units" are important because the County is financially accountable for them. In addition, these component units have separately issued financial statements.

Fund Financial Statements

Our analysis of the County's major funds begins on page 16. The fund financial statements provide detailed information about the significant funds, not the County as a whole. Some funds are required to be established by state law and by bond covenants. However, the County Board establishes some funds to help it control and manage money for a particular purpose or to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The County's two kinds of funds--governmental and fiduciary--use different accounting methods.

- **Governmental Funds**—The County's basic services are reported in governmental funds which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting. This method measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. We describe the relationship (or difference) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in reconciliation in a statement following each governmental fund financial statement.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund Financial Statements (Continued)

- **Fiduciary Funds**—The County is the trustee, or fiduciary, over assets which can be used only for the trust beneficiaries based on the trust arrangement. All of the County's fiduciary activities are reported in a separate Combining Statement of Change in Assets and Liabilities (pages 60-61). We excluded these activities from the County's other financial statement because the County cannot use these assets to finance its operations. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

FINANCIAL ANALYSIS OF THE COUNTY AS A WHOLE (CONTINUED)

The county-wide cost of all governmental activities this year was \$13,765,007.

- Some of the cost was paid by the users of the County's Programs (\$2,927,524).
- The federal and state governments subsidized certain programs with grants and contributions (\$7,497,753).
- The remainder of the County's costs, (\$3,339,730), however, was paid for by County taxpayers and the taxpayers of our state. This portion of governmental activities was paid for with the \$5,328,875 in property taxes, \$1,969,970 of state aid, and with investment earnings and other general revenues.

Table A-3 presents the cost of each of the County's program functions, as well as each function's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the county's taxpayers by each of these functions.

FINANCIAL ANALYSIS OF THE COUNTY AT THE FUND LEVEL

The financial performance of the County as a whole is reflected in its governmental funds as well. As the County completed the year, its governmental funds reported a combined fund balance of \$5,715,991. Revenues for the County's governmental funds were \$16,602,573, while total expenditures were \$16,448,559. During 2007, the County also sold capital assets and had proceeds from loans, which are included in other financing sources and uses.

The General Fund includes the primary operations of the County in providing services to citizens and some capital outlay projects. Fund balance increased by approximately \$355,877 during 2007. This increase was primarily due to increasing tax revenues.

The Road and Bridge Fund had a total fund balance of \$937,129, 68% of which is designated for cash flows.

The Welfare Fund's fund balance decreased by \$162,591, this is primarily due to less program revenues compared to expenditures.

The Revolving Loan Fund's fund balance decreased by \$103,780, this is due to increased expenditures.

The Solid Waste Fund's fund balance increased by \$23,505, this is primarily due to the County receiving additional loan proceeds for the Chippewa River Watershed Project and the sale of capital assets.

The Ditch Fund's fund balance decreased by \$36,742, this is primarily due to several projects that were completed on the County's ditch system.

GENERAL FUND

The General Fund includes the primary operations of the County in providing services to citizens and some capital outlay projects.

Table A-4 presents a summary of General Fund revenues.

Total Expenditures	<u>\$ 5,623,306</u>	<u>\$ 5,161,648</u>	<u>\$ 461,658</u>	8.9

For the year ended December 31, 2007, the County allocated all expenditures.

General Fund Budgetary Highlights

- Actual revenues were \$1,128,437 more than expected, due primarily to an increase in property taxes.
- The actual expenditures were \$586,084 more than budget. This is due primarily to the repayment of prior years' property taxes, payment for ambulance services, and other unbudgeted expenditures.

CAPITAL ASSETS AND DEBT ADMINISTRATION

CAPITAL ASSETS

By the end of 2007, the County had invested over \$61,900,000 in a broad range of capital assets, including land, buildings, machinery, vehicles, furniture, equipment, and infrastructure (see Table A-6). (More detailed information about capital assets can be found in Note 3.A.2 to the financial statements.) Total depreciation expense for the year was \$1,294,148.

DEBT ADMINISTRATION

At year-end, the County had outstanding special assessment bonds of \$485,000 versus \$610,000 last year, a decrease of 20.5% as shown in Table A-7. This decrease is due to the repayment of long-term debt.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The County is dependent on the State of Minnesota for a significant portion of its revenue. Recent experience demonstrates that the legislature may decrease revenues once more.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO
THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
GOVERNMENTAL ACTIVITIES
YEAR ENDED DECEMBER 31, 2007

CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 253,324

Amounts reported for governmental activities in the statement of activities are different because:

In the funds, under the modified accrual basis, receivable not available for expenditure are deferred. In the statement of activities, those revenues are recognized when earned. The adjustments to revenue between the fund statements and the statement of activities is the increase (decrease) in revenues deferred as unavailable. 1,818,620

Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. Also, in the statement of activities, only the gain or loss on the disposal of capital assets is reports; whereas in the governmental funds, the proceeds from the disposal increase financial resources. Therefore, the change in net assets differs from the change in fund balance by the net book value of the assets.

Expenditures for General Capital Assets and Infrastructure	\$ 3,857,362	
Net Book Value of Assets Disposed of	(9,746)	
Current Year Depreciation	<u>(1,294,148)</u>	2,553,468

Loan proceeds provide current financial resources to government funds, but issuing debt increases long-term liabilities in the statement of net assets. (34,190)

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets.

Principal Payment on Loans Payable	6,167	
Principal Payment on Special Assessment Bonds	<u>125,000</u>	131,167

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in Compensated Absences	(20,196)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Swift County's financial statements are prepared in accordance with generally accepted accounting principles (GAAP) for the year ended December 31, 2007. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (statements and interpretations). The more significant accounting policies established in GAAP and used by the County are discussed below.

A. Financial Reporting Entity

Swift County, Minnesota was established February 15, 1870, and has the powers, duties, and privileges granted counties by Minn. Stat. ch. 373. Swift County is governed by a five-member Board of Commissioners elected from districts within the County and administrative officers elected on a County-wide basis. The Board is organized with a chair and a vice chair elected at the annual meeting in January of each year. The County Auditor, who is elected on a County-wide basis, serves as the Clerk of the Board of Commissioners but does not vote in its decisions.

For financial reporting purposes, Swift County has included all funds, organizations, account groups, agencies, boards, commissions, and authorities and has considered all potential component units for which the County is financially accountable, and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause Swift County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial statement accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the County to impose its will on that organization; or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County.

As required by accounting principles generally accepted in the United States of America, these financial statements present Swift County (primary government) and its component units for which the County is financially accountable.

Discretely Presented Component Units

While part of the reporting entity, discretely presented component units are presented in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County. The following component units of Swift County are discretely presented:

Swift County Housing and Redevelopment Authority (HRA) was created to administer the public housing programs authorized by the United States Housing Act of 1937, as amended, and to carry out other housing assistance programs. The HRA is currently governed by a seven-member Board of Directors appointed by the Swift County Board of Commissioners.

A. Financial Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

Although it is legally separate from the County, the activity of the HRA is included in the Swift County reporting entity, because the County Board appoints a voting majority of the HRA's Board of Directors, and the County is liable in the event that tax increments collected by the HRA are not sufficient to make the required debt service payments related to the General Obligation Tax Increment Bonds of 1995. See Note 8 for significant accounting policies and other disclosures. Separate financial statements of the Swift County HRA can be obtained at P.O. Box 286, Benson, Minnesota 56215.

Swift County-Benson Hospital

The Swift County-Benson Hospital was created for the purpose of providing or causing to be provided health and related medical services in the region covered by the district. The Hospital is currently governed by a nine-member Board of Directors, six of whom are appointed by the Swift County Board; the three remaining members are appointed by the Benson City Council. Although it is legally separate from the County, the activity of the Hospital is included in the Swift County reporting entity because the County Board appoints a voting majority of the Hospital's Board of Directors, and the Hospital is financially accountable to the County. See Note 6 for significant accounting policies and other disclosures. Separate financial statements of the Swift County-Benson Hospital can be obtained at 1815 Wisconsin Avenue, Benson, Minnesota 56215.

Other Organizations

The County participates in joint ventures which are described in Note 9. Jointly-governed organizations are identified in Note 9, and a related organization is identified in Note 9.

B. Basic Financial Statements

1. Government-Wide Statements

The government-wide financial statements (the statement of net assets and the statement of activities) display information about the primary government and its component units. These statements include the financial activities of the overall County government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities.

In the government-wide statement of net assets, the governmental activities column: (a) is presented on a consolidated basis; and (b) is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The County's net assets are reported in three parts: (1) invested in capital assets, net of related debt; (2) restricted net assets; and (3) unrestricted net assets. The County first utilizes restricted resources to finance qualifying activities.

The statement of activities demonstrates the degree to which the direct expenses of each function of the County's governmental activities are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or activity. Program revenues include: (1) fees, fines, and charges paid by the recipients of goods, services, or privileges provided by a given function or activity; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or activity. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category--governmental and fiduciary--are presented. The emphasis of the governmental fund financial statements is on major individual governmental with each displayed as a separate column in the fund financial statements. The County reports all of its governmental funds as major funds.

B. Basic Financial Statements (Continued)

2. Fund Financial Statements

The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Road and Bridge Special Revenue Fund is used to account for revenues and expenditures of the County Highway Department, which is responsible for the construction and maintenance of roads, bridges, and other projects affecting County roadways.

The Welfare Special Revenue Fund is used to account for economic assistance and community social services program.

The Revolving Loan Special Revenue Fund is used to account for the activities of the revolving loan program.

The Solid Waste Special Revenue Fund is used account for funds used in solid waste management. Financing is provided by special assessments against all parcels of property in the County.

The Ditch Special Revenue Fund is used to account for the cost of constructing and maintaining an agricultural drainage ditch system. Financing is provided by special assessments levied against benefited property.

Additionally, the County reports the following fiduciary fund type:

Agency Funds are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds in an agency capacity.

C. Measurement Focus and Basis of Accounting

The government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Swift County considers all revenues to be available if they are collected within 60 days after the end of the current period. Property and other taxes, licenses, and interest are all considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, compensated absences, and claims and judgments, which are recognized as expenditures to the extent that they have matured. Issuances of long-term debt and acquisitions under capital leases are reported as other financing sources or uses.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Assets or Fund Balance

1. Cash and Cash Equivalents

The County has defined cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The County maintains a cash and investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the combined balance sheet as "Cash and Investments - Pooled." In accordance with *Minnesota Statutes*, the County maintains deposits at financial institutions which are authorized by the County Board. Additionally, each fund's equity in the County's investment pool is treated as a cash equivalent because the funds can deposit or effectively withdraw cash at any time without prior notice or penalty.

D. Assets, Liabilities, and Net Assets or Equity (Continued)

2. Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent maturities of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

All receivables, including those of the discretely reported component units, are shown net of an allowance for uncollectibles.

Property taxes are levied as of January 1 on property values assessed as of the same date. The tax levy notice is mailed in March with the first half payment due on May 15 and the second half payment due October 15.

Unpaid taxes at December 31 become liens on the respective property and are classified in the financial statements as delinquent taxes receivable.

3. Loans Receivable

Loans receivable represents the unpaid principal portions of loans made by the County through its revolving loan fund. Principal and interest received by the County on these loans are recognized, at the fund level, in the period in which they are collected; accordingly, the unpaid principal portions are also reflected in deferred revenue.

4. Inventories

All inventories are valued at cost using the first-in, first-out (FIFO) method. Inventories in governmental funds are recorded as expenditures when purchased rather than when consumed.

5. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the County government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

D. Assets, Liabilities, and Net Assets or Equity (Continued)

5. Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset's lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the primary government are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	40-100
Infrastructure	40-75
Machinery, Vehicles, Furniture, and Equipment	5-20

6. Compensated Absences

The liability for compensated absences reported in financial statements consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included. Compensated absences are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

7. Deferred Revenue

All County funds and the government-wide financial statements defer revenue for resources that have been received, but not yet earned. Governmental funds also report deferred revenue in connection with receivables for revenues not considered to be available to liquidate liabilities of the current period.

**SWIFT COUNTY
BENSON, MINNESOTA
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Assets, Liabilities, and Net Assets or Equity (Continued)

8. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities on the statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

9. Fund Balance

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

10. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

The following funds had expenditures in excess of budget at the fund level for the year ended December 31, 2007: General Fund had expenditures of \$5,630,794 which exceeded the final budget of \$5,044,710 by \$586,084. Also, the Solid Waste Special Revenue Fund had expenditures of \$927,402 and a final budget \$819,513 resulting in an excess of expenditures over final budget of \$107,889. The excess expenditures were funded with existing fund balance and greater than anticipated revenues.

NOTE 3 DETAILED NOTES ON ALL FUNDS

A. Assets

1. Deposits and Investments

The cash balances of substantially all funds are pooled and invested by the County Treasurer for the purpose of increasing earnings through investment activities. Pooled and fund investments are reported at their fair value at December 31, 2007, based on market prices. Pursuant to Minn. Stat. § 385.07, investment earnings on cash and pooled investments are credited to the general fund. Other funds received investment earnings based on other state statutes, grant agreements, contracts, and bond covenants. Pooled investment earnings for 2007 were \$306,461.

Custodial Credit Risk - Deposits

In the case of deposits, custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. The County does not have a deposit policy for custodial credit risk and follows *Minnesota Statutes* for deposits.

Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledge must equal 110% of the deposits not covered by insurance or corporate surety bonds. Authorized collateral includes: U.S. government treasury bills, notes, or bonds; issues of a U.S. government agency; general obligations of a state or local government rated "A" or better; revenue obligations of a state or local government rated "AA" or better; irrevocable standby letters of credit issue by a Federal Home Loan Bank; and time deposits insured by a federal agency. *Minnesota Statutes* require securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or at an account at a trust department of a commercial bank or other financial institution not owned or controlled by the depository.

The County's deposits in banks at December 31, 2007 were entirely covered by federal depository insurance or by pledged collateral held by the bank's agent in the County's name in amounts equal to at least 110% of the amount in excess of the federal depository insurance, as required by *Minnesota Statutes*.

Minn. Stat. §§ 118A.04 and 118A.05 generally authorize the following types of investments as available to the County:

- (a) Securities which are direct obligations or are guaranteed or insured issues of the United States, its agencies, its instrumentalities, or organizations created by an act of Congress, except mortgage-backed securities defined as "high risk" by Minn. Stat. § 118a.04, Subd. 6;
- (b) Mutual funds through shares of registered investment companies provided the mutual fund receives certain ratings depending on its investments;

1. Deposits and Investments (Continued)

- (c) General obligations of the State of Minnesota and its municipalities, and in certain state agency and local obligations of Minnesota and other states provided such obligations have certain specified bond ratings by a national bond rating service;
- (d) Bankers' acceptances of United States banks;
- (e) Commercial paper issued by United States corporations or their Canadian subsidiaries that is rated in the highest quality category by two nationally recognized rating agencies and matures in 270 days or less; and
- (f) With certain restrictions, in repurchase agreements, securities lending agreements, joint powers investment trusts, and guaranteed investment contracts.

As of December 31, 2007, the County had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Less Than 1 Year</u>	<u>1-5 Years</u>	<u>6-10 Years</u>
Mutual Funds	\$ 143,469	\$ -	\$ -	\$ 143,469

Total	<u>\$ 2,565,296</u>	<u>\$ 1,133,850</u>	<u>\$ 1,285,197</u>	<u>\$ 146,249</u>

Interest Rate Risk

The County's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The table above shows the maturities of the County's various fixed rate securities.

Credit Risk

Minnesota Statutes restrict the types of investments that the County may invest in. The County's investment policy does not further limit its investment choices. As of December 31, 2007, the County's investment in U.S. agency securities were rated AAA by Moody's and Standard and Poor's. The mutual funds through Delaware Investments and Franklin Templeton Investments were rated AA and AAA, respectively, through inquiry of customer service representatives. The negotiable certificates of deposit were not rated.

Concentration Credit Risk

The County's investment policy places no limit on the amount the County may invest in any one issuer. As of December 31, 2007, the County did not have investments in any one issuer that exceeded five percent of the County's investments.

Custodial Credit Risk – Investments

For an investment, this is the risk that, in the event of failure by the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's investment policy further limits its investments by limiting the amount of investments with any one broker to the amount SPIC and excess SPIC coverage available.

NOTE 4 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS

A. Plan Description

All full-time and certain part-time employees of the Swift County are covered by defined benefit plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the Public Employees Retirement Fund (PERF), the Public Employees Police and Fire Fund (PEPFF), and the Local Government Correctional Service Retirement Fund, called the Public Employees Correctional Fund (PECF), which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356.

PERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan. All police officers, fire-fighters and peace officers who qualify for membership by statute are covered by the PEPFF. Members who are employed in a county correctional institution as a correctional guard or officer, a joint jailer/dispatcher, or as a supervisor of correctional guards or officers or of joint jailers/dispatchers and are directly responsible for the direct security, custody, and control of the county correctional institution and its inmates are covered by the PECF.

PERA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by state statute, and vest after three years of credited service. The defined retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service.

NOTE 4 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)

A. Plan Description (Continued)

Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2% of average salary for each of the first 10 years of service and 2.7% for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2% of average salary for each of the first 10 years and 1.7% for each remaining year. Under Method 2, the annuity accrual rate is 2.7% of average salary for Basic Plan members and 1.7% for Coordinated Plan members for each year of service. For PEPFF members, the annuity accrual rate is 3.0% for each year of service. The annuity accrual rate is 1.9% for each year of service for PECF members. For all PEPFF members, PECF members, and PERF members hired prior to July 1, 1989 whose annuity is calculated using Method 1, a full annuity is available when age plus years of service equal 90. Normal retirement age is 55 for PEPFF and PECF members and 65 for Basic and Coordinated members hired prior to July 1, 1989. Normal retirement age is the age for unreduced Social Security benefits capped at 66 for Coordinated members hired on or after July 1, 1989. A reduced retirement annuity is also available to eligible members seeking early retirement.

There are different types of annuities available to members upon retirement. A single-life annuity is a lifetime annuity that ceases upon the death of the retiree--no survivor annuity is payable. There are also various types of joint and survivor annuity options available which will be payable over joint lives. Members may also leave their contributions in the fund upon termination of public service in order to qualify for a deferred annuity at retirement age. Refunds of contributions are available at any time to members who leave public service, but before retirement benefits begin.

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for PERF, PEPFF, and PECF. That report may be obtained on the Internet at www.mnpera.org, by writing to PERA at 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088 or by calling (651) 296-7460 or 1-800-652-9026.

B. Funding Policy

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. These statutes are established and amended by the state legislature. The County makes annual contributions to the pension plans equal to the amount required by state statutes. PERF Basic Plan members and Coordinated Plan members were required to contribute 9.10% and 5.75%, respectively, of their annual covered salary in 2007. Contribution rates in the Coordinated Plan will increase in 2008 to 6.0%. PEPFF members were required to contribute 7.8% of their annual covered salary in 2007. That rate will increase to 8.6% in 2008. PECF members are required to contribute 5.83% of their annual covered salary. Swift County is required to contribute the following percentages of annual covered payroll: 11.78 for Basic Plan PERF members, 6.25% for Coordinated Plan PERF members, 11.7% for PEPFF members, and 8.75% for PECF members. Employer contribution rates for the Coordinated Plan and PEPFF will increase to 6.5% and 12.9%, respectively, effective January 1, 2007.

Defined Contribution Plan

Commissioners of the County are covered by the Public Employees Defined Contribution Plan (PEDCP), a multiple-employer deferred compensation plan administered by the Public Employees Retirement Association of Minnesota (PERA). The PEDCP is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of employees are tax deferred until time of withdrawal.

Plan benefits depend solely on amounts contributed to the plan plus investment earnings, less administrative expenses. *Minnesota Statutes*, Chapter 353D.03, specifies the employee and employer contribution rates for those qualified personnel who elect to participate. An eligible elected official who decides to participate contributes 5% of salary which is matched by the elected official's employer. For ambulance service personnel, employer contributions are determined by the employer, and for salaried employees must be a fixed percentage of salary. Employer contributions for volunteer personnel may be a unit value for each call or period of alert duty. Employees who are paid for their services may elect to make member contributions in an amount not to exceed the employer share. Employer and employee contributions are combined and used to purchase shares in one or more of the seven accounts of the Minnesota Supplemental Investment Fund. For administering the plan, PERA receives two percent of employer contributions and twenty-five hundredths of one percent of the assets in each member's account annually.

B. Funding Policy (Continued)

The County's contributions to the Public Employees Retirement Fund, Public Employees Police and Fire Fund, Public Employees Correctional Fund, and Defined Contribution Plan for the years ending December 31, 2007, 2006, and 2005 were:

	Public Employees Retirement Fund	Public Employees Police and Fire Fund	Public Employees Correctional Fund	Public Employees Defined Contribution Plan
2007	\$ 215,298	\$ 37,559	\$ 34,665	\$ 5,479
2006	205,747	30,637	33,462	4,350
2005	172,930	22,616	31,872	4,245

These contribution amounts are equal to the contractually required contributions for each year as set by state statute.

NOTE 5 RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters for which the County carries commercial insurance. The County has entered into a joint powers agreement with other Minnesota counties to form the Minnesota Counties Insurance Trust (MCIT). The County is a member of both the MCIT Workers' Compensation and Property and Casualty Divisions. For other risk, the County carries commercial insurance. There were no significant reductions in insurance from the prior year. The amount of settlements did not exceed insurance coverage for the past three fiscal years.

The Workers' Compensation Division of MCIT is self-sustaining based on the contributions charged, so that total contributions plus compounded earnings on these contributions will equal the amount needed to satisfy claims liabilities and other expenses. MCIT participates in the Workers' Compensation Reinsurance Association with coverage at \$390,000 per claim in 2007. Should the MCIT Workers' Compensation Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

The Property and Casualty Division of MCIT is self-sustaining and the County pays an annual premium to cover current and future losses. The MCIT carries reinsurance for its property lines to protect against catastrophic losses. Should the MCIT Property and Casualty Division liabilities exceed assets, MCIT may assess the County in a method and amount to be determined by MCIT.

NOTE 7 SUMMARY OF SIGNIFICANT CONTINGENCIES AND OTHER ITEMS

Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

A. Swift County Housing and Redevelopment Authority (HRA)

Summary of Significant Accounting Policies

The following is a summary of significant accounting policies followed by the Swift County HRA. The HRA's fiscal year ended on June 30, 2007.

Basis of Accounting

The HRA component unit is accounted for using the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when incurred.

Deposits

Swift County HRA's Department of Housing and Urban Development (HUD) program deposits can be invested only in the following HUD-approved investments: direct obligations of the federal government backed by the full faith and credit of the United States, obligations of governmental agencies, securities of government-sponsored agencies, demand and savings deposits, time deposits, and repurchase agreements.

At June 30, 2007, the HRA had cash deposits in regular checking accounts and savings accounts in the amount of \$665,160.

Minnesota Statutes and HUD regulations require that all deposits with financial institutions be covered by insurance or collateral.

Following is a summary of deposits covered by insurance or collateral at June 30, 2007:

B. Swift County-Benson Hospital

Summary of significant Accounting Policies

The following is a summary of significant accounting policies followed by the Swift County-Benson Hospital (Hospital):

Basis of Accounting

The Hospital component unit is accounted for using the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded when incurred. In accordance with Governmental Accounting Standards Board (GASB) Statement 20, the Hospital has elected not to apply the Financial Accounting Standards Board statements are interpretations issued after November 30, 1989.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, demand deposit accounts, and saving accounts.

Accounts Receivable

Accounts Receivable for the Hospital are shown net of an allowance of \$189,707 for uncollectible accounts and contractual adjustments.

Inventories

Inventories are stated at lower of cost or market using latest invoice cost, which approximates the first-in, first-out method.

Noncurrent Cash and Investments

Noncurrent cash and investments include assets set aside by the board of directors for future capital improvements over which the board retains control and may, at its discretion, subsequently use for other purposes. Noncurrent cash and investments also include assets hold by the bank for use in an ongoing construction project.

Capital Assets

Capital assets are reported at cost, if purchased, or at Fair Market Value on the date received, if donated. Depreciation is provided on a straight-line basis over the estimated useful lives of the property. It is the Hospital's policy to included amortization expense on assets acquired under capital leases with depreciation on owned assets. Capital expenditures, greater that \$5,000, are capitalized and depreciated over the life of the asset. Capital expenditures of less that \$5,000 are expensed when incurred.

Net Assets

Net assets of the Hospital are classified in three components. Net assets invested in capital assets, net of related debt, consist of capital assets, net of accumulated depreciation and reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. Restricted expendable net assets are non-capital net assets that must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the Hospital. Unrestricted net assets are the remaining net assets that do not meet the definition of invested capital assts, net of related debt or restricted net assets.

Net Patient Services Revenues

Net patient services revenues are reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and are adjusted in future periods as final settlement are determined.

A summary of gross and net patient service revenues for the year ended December 31, 2007 is as follows:

Gross Patient Service Revenues	\$ 14,602,776
Less: Provisions for Revenue Adjustments Under Third-Party Reimbursement Program	<u>(4,921,090)</u>
Net Patient Service Revenues	<u><u>\$ 9,681,686</u></u>

Contributions

From time to time, the Hospital receives contributions from individuals and private organizations. Revenue contributions (including contributions of capital assets) are recognized when all eligibility requirements, including time requirements, are met.

Contributions may be restricted for either specific operating purposes or for capital purposes. Amounts unrestricted or restricted to a specific operating purpose are reported as nonoperating revenues. Amounts restricted to capital acquisitions are reported after nonoperating revenues and expenses.

Charity Care

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collections of amounts determined to qualify as charity care, they are not reported as revenue.

The Hospital maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges foregone for services and supplies furnished under its charity care policy. The amount of such charges foregone based on established rates was \$58,788 in 2007.

Deposits and Investments

In accordance with *Minnesota Statutes*, the Hospital maintains deposits at depository banks, which are authorized by the board of directors.

Minnesota Statutes require that all Hospital deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledge must equal 110% of the deposits not covered by insurance or bonds.

Authorized collateral includes the legal investments described in Note 1.D.1 as well as certain first mortgage notes and certain other state and local government obligations. Minnesota statutes require that securities pledged as collateral be held in safekeeping by the Hospital or in a financial institution other than that furnishing the collateral.

As of December 31, 2007, the Hospital's bank balances were covered by federal depository insurance or by collateral held by the pledging bank's agent in the Hospital's name, except for deposits totaling \$16,750. At December 31, 2007, the Hospital had bank balances as follows:

Control is vested in an executive board of five officers elected from the membership of the board, consisting of one representative and alternate from each county board of commissioners included in this agreement. According to the latest information available, 37 counties are members under this agreement.

During 2007, Swift County did not contribute any funds to the Board. Complete financial statements of the Minnesota River Board can be obtained from its administrative office at 184 Trafton Science Center South, Minnesota State University - Mankato, Mankato, Minnesota, 56001.

Kandiyohi-Region 6W Community Corrections Agencies Detention Center (Prairie Lakes Youth Programs)

Swift County entered into a joint powers agreement to create and operate the Kandiyohi-Region 6W Community Corrections Agencies Detention Center (commonly referred to as the Prairie Lakes Youth Programs) pursuant to Minn. Stat. § 471.59. Prairie Lakes Youth Programs provide corrections, detention, and non-secure alternative programs to juveniles under the jurisdiction of the counties which are parties to the agreement.

Control of the Prairie Lakes Youth Programs is vested in a Joint Board, which is composed of one commissioner from each participating county. An Advisory Board has also been established, which is composed of the directors of the Kandiyohi County Community Corrections Agency and the Region 6W Community Corrections Agency and the directors of the family services or human services departments of the counties participating in the agreement. The Prairie Lakes Youth Programs is located at the Willmar Regional Treatment Center in space rented from the State of Minnesota.

Complete financial statements of the Prairie Lakes Youth Programs can be obtained at P.O. Box 894, Willmar, Minnesota 56201.

Joint Ventures (Continued)

Southwest Minnesota Adult Mental Health Consortium Board

In November 1997, the County entered into a joint powers agreement with Big Stone, Chippewa, Cottonwood, Jackson, Kandiyohi, Lac qui Parle, McLeod, Meeker, Nobles, Pipestone, Redwood, Renville, Rock, and Yellow Medicine Counties; and Lincoln, Lyon, and Murray Counties, represented by the Lincoln, Lyon & Murray Human Services Board, creating and operating the Southwestern Minnesota Adult Mental Health Consortium Board under the authority of Minn. Stat. § 471.59. The board is headquartered in Windom, Minnesota, where Cottonwood County acts as fiscal host. The board shall take actions and enter into such agreements as may be necessary to plan and develop within the board's geographic jurisdiction a system of care that will serve the needs of adults with serious and persistent mental illness. The governing board is composed of one board member from each of the participating counties. Financing is provided by state proceeds or appropriations for the development of the system of care.

A complete financial report of the Southwestern Minnesota Adult Mental Health Consortium Board can be obtained at the Cottonwood County Family Services Agency, Windom, Minnesota, 56101.

Jointly-Governed Organizations

Coordinated Enforcement Effort (CEE) VI Task Force

Swift County, in conjunction with other local governments, appoints one member to the Board of Directors for the CEE VI Task Force. The Task Force was established to receive and expend federal, state, and local grants and other related funds for the purpose of investigation of burglary, theft, narcotics, stolen property, and crimes of violence. Swift County has no operational or financial control over the CEE VI Task Force. During the year, Swift County paid \$35,868 to the Task Force.

Western Plains Regional Library

Swift County, along with several cities and other counties, participate in the Western Plains Library System in order to provide efficient and improved regional public library service.

The financial activities of the Western Plains Library System are reported as part of the Pioneerland Regional Library System. During the year, Swift County paid \$99,681 to the Library System. Financial information for the Western Plains Library System is not available.

Related Organization

Swift County Rural Development Finance Authority

The Board members of the Swift County Rural Development Finance Authority (RDFA) are appointed by the Swift County Board of Commissioners. During the year, Swift County approved a levy for the RDFA in the amount of \$70,000.

 NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
 DECEMBER 31, 2007

I. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds except for the Ditch and Revolving Loan Special Revenue Funds. All annual appropriations lapse at fiscal year-end. The appropriated budget is prepared by fund, function, and department. The County's department heads may make transfers of appropriations within the department. Transfers of appropriations between departments require approval of the board of commissioners. The legal level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is the fund level. The Board of Commissioners made several supplemental budget appropriations at the fund, function, and department level throughout the year.

Encumbrance accounting, under which commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation, is used in the governmental funds. Encumbrances outstanding at year-end are reported as reserved fund balances since they do not constitute expenditures or liabilities. Encumbrances lapse at year-end and are re-budgeted the following year.

II. Excess of Expenditures over Appropriations

The following funds had expenditures in excess of budget at the fund level for the year ended December 31, 2007:

	<u>Expenditures</u>	<u>Final Budget</u>	<u>Excess</u>
General Fund	\$ 5,630,794	\$ 5,044,710	\$ 586,084
Special Revenue Fund			
Solid Waste	927,402	819,513	107,889

The excess expenditures were funded with existing fund balance and greater than anticipated revenues.

**REPORTS RELATED TO *GOVERNMENT AUDITING STANDARDS*
AND SINGLE AUDIT (A-133)**

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of County Commissioners
Swift County
Benson, Minnesota

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Swift County, Minnesota, as of and for the year ended December 31, 2007, which collectively comprise Swift County's basic financial statements and have issued our report thereon dated March 20, 2008. We did not audit the financial statements of Swift County Housing and Redevelopment Authority (HRA), a discrete component unit, for the year ended June 30, 2007. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion on the financial statements, insofar as it relates to the amounts included for the HRA, is based solely on the report of the other auditors. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. A separate report on compliance and on internal control over financial reporting based on an audit of financial statements performed in accordance with *Government Auditing Standards* issued by other auditors is available from the HRA.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Swift County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of Swift County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Swift County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies 2006-01 to 2006-3, 2006-05, 2006-09 and 2007-01 to 2007-02, described in the accompanying schedule of findings and questioned costs, to be significant deficiencies in internal control over financial reporting.

Internal Control Over Financial Reporting (Continued)

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, we consider the deficiencies 2006-01 to 2006-03, and 2006-09, described in the accompanying schedule of findings and questioned costs, to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our test disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This communication is intended solely for the information and use of management, the Board of Commissioners, others within the organization, and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of County Commissioners
Swift County
Benson, Minnesota

Compliance

We have audited the compliance of Swift County, Minnesota with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended December 31, 2007. The County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs are the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

Swift County's financial statements include the activities of the Swift County Housing and Redevelopment Authority (HRA), a component unit, which expended \$254,957 in federal awards during the year ended June 30, 2007. The federal awards for the HRA are not included in the Schedule of Expenditures of Federal Awards for Swift County. Our Audit, described below, did not include these activities because other auditors were engaged to perform a separate audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended December 31, 2007.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on the major federal programs in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Swift County's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likely that noncompliance with a type of compliance requirement of a major program that is more than inconsequential will not be prevented or detected by the County's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a major federal program will not be prevented or detected by the County's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the County Board, others within the organization, federal awarding agencies and pass-through entities, and is not intended to be, and should not be used by anyone other than those specified parties.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
DECEMBER 31, 2007

SUMMARY OF AUDITORS' RESULTS

1. The auditors' report expresses an unqualified opinion on the basic financial statements of Swift County, Minnesota.
2. Significant deficiencies in internal control were disclosed by the audit of the basic financial statements of Swift County and they are reported in the "Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*." Significant deficiencies 2006-01 to 2006-03 and 2006-09 are considered material weaknesses.
3. No instances of noncompliance material to the financial statements of Swift County were disclosed during the audit.
4. No matters involving internal control over compliance relating to the audit of the major federal award program were reported in the "Report on Compliance with Requirements Applicable to Each Major Program and Internal Control Over Compliance in Accordance with OMB Circular A-133."
5. The auditors' report on compliance for the major federal award program for Swift County expresses an unqualified opinion.
6. No audit findings relative to the major federal award programs for the County were disclosed during the audit that are required to be reported in accordance with Section 510(a) of OMB Circular A-133.
7. The programs tested as major were:

Highway Planning and Construction Cluster	CFDA #20.205
Recreational Trails Program	CFDA #20.219
8. The threshold for distinguishing between Types A and B programs was \$300,000.
9. The County did not qualify, under federal guidelines, as a low-risk auditee.

MATERIAL WEAKNESSES (FINANCIAL REPORTING):

SEGREGATION OF DUTIES (2006-01)

Criteria: County management should constantly be aware of the need to have adequate segregation of duties regarding the processing of transactions for the County. In addition, County management should be aware that the concentration of duties and responsibilities in one or a very few individuals is not desirable from an internal control perspective.

Condition: Adequate segregation of the accounting functions necessary to ensure adequate internal accounting control is not in place in a number of departments/offices in the County.

Cause: The County has a limited number of personnel within several County departments/offices.

Effect: The lack of adequate segregation of duties can result in incorrect financial information, failure to detect misstatements or misappropriations, and the lack of adherence to the County's procedures.

Recommendation: We recommend County management be aware of the lack of segregation of duties within the accounting functions and provide oversight to ensure the internal control policies and procedures are being implemented by organization staff.

AUDIT ADJUSTMENTS (2006-02)

Criteria: County management is responsible for establishing and maintaining internal controls for the proper recording of all the County's receipts and disbursements, including reclassifications between funds and activity of all investing and savings accounts.

Condition: As part of the audit, we proposed account reclassification entries relating to the coding of receipts and disbursements, accruals, capital asset adjustments, and other reclassifications. We also proposed entries to reclassify investment and savings account activity. These entries indicate a lack of controls over the year-end financial reporting process. The absence of this control procedure is considered a material weakness because the potential exists that a material misstatement of the financial statements could occur and not be prevented or detected by the County's internal control.

Cause: The County has a limited number of personnel.

Effect: The design of the internal controls over recording receipts and disbursement, including reclassifications, could affect the County's ability to detect or prevent a misappropriation of assets or fraudulent activity.

Recommendation: We recommend County management be consistently aware of all procedures and processes involved in recording receipts, disbursements, and reclassifications, and develop internal control policies to ensure proper recording of these items.

MATERIAL WEAKNESSES (CONTINUED):

FINANCIAL REPORTING PROCESS (2006-03)

Criteria: County management is responsible for establishing and maintaining internal controls, including the monitoring and fair presentation of the financial statements in accordance with applicable accounting and reporting standards.

Condition: As part of the audit, management requested us to prepare a draft of the financial statements, including the related notes to the financial statements.

Cause: The County has a limited number of personnel.

Effect: The design of the controls over the financial reporting process would affect the ability of the County to report their financial data consistently with the assertions of management in the financial statements.

Recommendation: We recommend County management be aware of the responsibilities regarding financial reporting and continue to evaluate the cost/benefit of outsourcing this function. If management chooses to undertake these financial reporting responsibilities, a number of policies, procedures, and reviews will need to be developed and implemented.

JOURNAL ENTRIES (2006-09)

Criteria: All journal entries should be prepared by one person and reviewed by another with each person documenting their steps performed.

Condition: We were not presented with documentation that all journal entries entered into the general ledger were reviewed. The review may have been occurring but no initials or other documentation of the review was provided.

Cause: Past practice.

Effect: It is difficult to determine if the journal entries prepared are adequately reviewed.

Recommendation: We recommend the person reviewing the journal entries initial the supporting documentation.

SIGNIFICANT DEFICIENCIES:

TIMELY DEPOSITS OF CASH (2006-05)

Criteria: Standard internal control procedures recommend that deposits should be made on a daily basis.

Condition: Various departments/offices in the County do not deposit on a daily basis.

Cause: Past practice.

Effect: The County's failure to make daily deposits increases the risk that fraud could occur and not be detected in a timely manner.

Recommendation: We recommend the departments/offices deposit their collections with the County Treasurer on a daily basis in order to minimize the risk of misappropriation of assets.

SIGNIFICANT DEFICIENCIES (CONTINUED):

SAFEGUARDING OF CASH COLLECTIONS – SHERIFF’S OFFICE (2007-01)

Criteria: Policies and procedures should be in place to ensure that daily collections are adequately safeguarded against theft.

Condition: Daily collections for the Sheriff’s Office are not kept in a secure location.

Cause: Past practice.

Effect: The County’s failure to safeguard daily collections increases the risk that a theft could occur.

Recommendation: We recommend the Sheriff’s Office implement policies and procedures to adequately safeguard the County’s assets to reduce the risk of loss or theft.

SUPPORTING DOCUMENTATION FOR SOCIAL WELFARE FUND DISBURSEMENTS (2007-02)

Criteria: Standard internal control procedures require that all disbursements be supported by written documentation authorizing the payment and amount.

Condition: During our testing of the social welfare checking account disbursements, we noted that 9 out of 10 disbursements tested were not accompanied by adequate written documentation.

Cause: The social workers verbally initiate the payment as they are typically consistent from year to year.

Effect: Unauthorized payments could be made out of the social welfare checking account.

Recommendation: We recommend that all disbursements be accompanied by written documentation authorizing the disbursement prior to payment.

CONTROL DEFICIENCIES:

REVIEW OF BANK RECONCILIATIONS (2007-03)

Criteria: Monthly bank reconciliations prepared should be reviewed by County personnel other than the preparer in order to reduce the risk of fraud or error in the reconciling process.

Condition: Bank reconciliations for the civil process account in the Sheriff’s Office and the social welfare account in the Human Services Department are not being reviewed by anyone other than the preparer.

Cause: Past practice.

Effect: Errors or fraud occurring during the reconciliation of bank statements may go undetected due to lack of segregation of duties.

Recommendation: We recommend monthly bank reconciliations be reviewed by someone other than the preparer and that the review be adequately documented.

CONTROL DEFICIENCIES (CONTINUED):

UNAUTHORIZED CHECK SIGNER (2007-04)

Criteria: Standard internal control procedures require that all signers on County bank accounts be employees of the Treasurer's Office staff.

Condition: At Prairie Sun Bank, as of December 31, 2007, a county employee that is no longer employed in the Treasurer's office is an authorized signer on the account.

Cause: Unknown.

Effect: Unauthorized transactions could be initiated in the County's deposit accounts.

Recommendation: We recommend the County review authorized signers on all County bank accounts and ensure that only current employees of the applicable department have account authority.

PREVIOUSLY REPORTED ITEMS RESOLVED

OPEN CHARGE ACCOUNTS (2006-04)

Open charge accounts at various businesses were not being monitored by County management.

RESOLUTION

The County adopted policy 502 relating to the monitoring of open charge accounts.

CHECK CASHING (2006-06)

The Treasurer's Office cashed employee checks up to \$100.

RESOLUTION

We have informed the County of this requirement. The amounts are inconsequential for the current year and the County has chosen to accept the risk related to continued check cashing activity.

APPROVAL OF DISBURSEMENTS (2006-07)

During the 2006 audit, one out of 40 disbursements tested did not have the required authorized approval.

RESOLUTION

No similar instances were noted in the current year.

CREDIT CARD LIMITS (2006-08)

Several credit cards had spending limits in excess of that necessary for continuing operations.

RESOLUTION

All departments reviewed credit card limits and lowered them as deemed necessary.

OTHER ITEMS FOR CONSIDERATION – MINNESOTA LEGAL COMPLIANCE

BROKER CERTIFICATION FORMS (2006-14)

Criteria: *Minnesota Statute §118A.04* requires counties to have a broker certification form signed each year for all brokers.

Condition: For the year ended December 31, 2007, we noted certifications from two brokers were not obtained.

Cause: Not known.

Effect: Without the certification, the County is at risk that the broker may invest County funds in investments that are not allowed by state statute.

Recommendation: We recommend that the County annually send, and have the brokers sign and return, the broker certification forms.

CREDIT CARD APPROVAL (2006-15)

Criteria: *Minnesota Statute §375.171* requires board approval of all credit cards.

Condition: For the year ended December 31, 2007, we noted that several departments had credit cards and gas credit cards for which the County was not able to provide evidence of Board approval.

Cause: Not known.

Effect: The County is at risk that credit cards may be used that the Board did not approve. The County is also not in compliance with *Minnesota Statutes*.

Recommendation: We recommend that the County take an inventory of all open credit and gas cards and have them approved or re-approved by the County Board, if they are deemed necessary, in order to ensure compliance with state statutes.

DITCH SPECIAL REVENUE FUND – CASH DEFICITS (2006-17)

Criteria: In accordance with state statutes, active ditch systems must maintain sufficient funds to pay for project costs.

Condition: The County reported twenty-seven of the 56 active ditch systems as having deficit cash balances as of December 31, 2007, totaling \$409,547.

Cause: Past practice.

Effect: The County is not in compliance with *Minnesota State Statute §103E.655 subd. 2*.

Recommendation: We recommend the County continue to try to eliminate the deficit cash balances in the active ditch systems by borrowing from an eligible ditch system or fund with a surplus cash balance.

OUT OF STATE TRAVEL POLICY (2007-05)

Criteria: *Minnesota Statute §471.661* requires the County to develop and implement a formal Out-of-State Travel Policy.

Condition: The County does not have a formal Out-of-State travel policy that has been approved by the County Board.

Cause: New statutory requirement.

Effect: The County is not in compliance with Minnesota State Statutes.

Recommendation: We recommend the County develop and implement a formal Out-of-State Travel Policy which is approved by the County Board.

PREVIOUSLY REPORTED ITEMS RESOLVED

LATE PAYMENT OF TAX SETTLEMENTS TO TAXING DISTRICTS (2006-10)

The County made payments to taxing districts on January 31 last year, which is not considered timely according to Minnesota State Statute §276.111.

RESOLUTION

The County paid the tax settlement to taxing districts in a timely manner for 2007.

DONATIONS (2006-11)

During 2006, the County board authorized donations to two organizations in violation of state statutes.

RESOLUTION

No similar donations were noted for the current year.

APPROVAL OF PETTY CASH AND CHANGE FUNDS (2006-12)

The County was not able to present documentation of board approval of all petty cash and change funds.

RESOLUTION

Per review of the County board minutes, petty cash and change funds were approved on May 15, 2007.

COLLATERAL COVERAGE (2006-13)

At December 31, 2006 the County did not have sufficient pledged collateral to cover 110% of uninsured deposits.

RESOLUTION

At December 31, 2007 the County had adequate pledged collateral for deposit accounts.

REPORT ON MINNESOTA LEGAL COMPLIANCE

Board of County Commissioners
Swift County
Benson, Minnesota

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Swift County, Minnesota, as of and for the year ended December 31, 2007, and have issued our report thereon dated June 13, 2008. We did not audit the basic financial statements of the Swift County Housing and Redevelopment Authority. Those statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Swift County Housing and Redevelopment Authority, is based solely on the report of the other auditors.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the provisions of the *Audit Guide for Local Government*, promulgated by the State Auditor pursuant to *Minnesota Statute* § 6.65. Accordingly, the audit included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The *Audit Guide for Local Government* covers seven main categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions, and tax increment financing. Our study included all of the listed categories, except we did not test for tax increment financing because the County does not have any tax increment financing districts.

The results of our tests indicate that for the items tested, the County complied with the material terms and conditions of applicable legal provisions except for the items described in detail in the attached Schedule of Findings and Questioned Costs.

This report is intended solely for the information and use of management, County Board, others within the County, federal awarding agencies, pass-through entities, and the Office of the State Auditor of Minnesota and is not intended to be and should not be used by anyone other than those specified parties.
